## INTERNAL REVENUE SERVICE

Number: **INFO 2003-0307** Release Date: 12/31/2003

We are answering correspondence, which was initially submitted by your representative to the Philadelphia Service Center, requesting late S corporation relief for an effective date of January 1, 1997. The information submitted cites the automatic relief provisions of Revenue Procedure 97-48. However, you are ineligible for relief under Rev. Proc. 97-48 because your IRS account indicates that a notice informing you about the Form 2553 deficiency was sent within six months after your first Form 1120S was filed. Although we are unable to grant automatic relief, this letter provides information relating to your request.

Announcement 97-4 (copy enclosed) provides guidance on seeking relief for late S corporation elections. Generally, to request relief for a late S corporation election you must request a private letter ruling from the National Office. The information forwarded to our office is insufficient for us to process a ruling request. The procedures for requesting a ruling are set forth in Revenue Procedure 2003-1 (copy enclosed). In addition, taxpayers must submit a user fee along with their request. The standard fee is \$6,000; however, if the entity's gross income was less than \$1 million on the return for the most recent 12-month taxable year, it qualifies for the *reduced user fee* in the amount of \$500. If you submit \$500, you must include a statement certifying the entity's gross income for the last 12-month taxable year.

If you decide to submit a formal request for a private letter ruling, please follow the sample format provided in Appendix B of Rev. Proc. 2003-1. Your request should include all required procedural statements, a check for the user fee, and any documents that substantiate your intent to be an S corporation from inception. Please

refer your request to our office by adding the following to the address:

Attn: CC:PA:T P.O. Box 7604 Ben Franklin Station Washington, DC 20044

<u>Direct to:</u> CC:PSI:1 Room 5002
